

Fillmore Senior Center to accept grant

Printed in the Fillmore Gazette, August 25, 2012

The Fillmore Senior Center, which became a nonprofit July 1, will accept a grant for \$5,000 from the Chevron Environmental Management Co.

Leslie Klinchuch, from Chevron, will attend the center's monthly board meeting Monday to present the donation.

The senior center had been funded by the city and the redevelopment agency and must now be self-funded.
